

Become a Charity Bingo Night Co-Host

An Opportunity for Local Professionals

Hope & Light Collective's monthly Charity Bingo Night at Pinstripes in Pike & Rose brings our community together to raise funds and awareness for a different local nonprofit each month. At the heart of every event is our co-host model: a rotating group of trusted local professionals who lend their time, energy, and community spirit to help make the evening a success.

We're always looking for community-minded professionals who share our values to join as co-hosts. Here's what that opportunity looks like.

How Co-Hosts Are Selected

- Co-hosts are trusted local professionals who are active, visible, and well-regarded in the DMV community.
- We look for people who share Hope & Light Collective's values: warmth, integrity, and a genuine investment in bringing people together for good.
- Co-hosts are typically introduced through referral or existing relationships within our network, though interested professionals are welcome to reach out directly to express interest.
- We aim for a rotating, ever-changing lineup of co-hosts, so a variety of local businesses and professionals get the opportunity to be featured over time.
- Final co-host spots are confirmed on a monthly basis, aligned with the featured nonprofit beneficiary for that event.

Co-Host Responsibilities

- Help promote the event to your own network and encourage friends, clients, and colleagues to attend.
- Play an active role in leading the event alongside fellow co-hosts and the Hope & Light Collective team — including welcoming guests, helping run bingo rounds, and keeping the energy and generosity flowing all night.
- Arrive early to coordinate with the Hope & Light Collective team and fellow co-hosts before doors open.
- Bring a spirit of connection and hospitality — co-hosts help set the tone for the evening as ambassadors of the cause.
- Support the featured monthly nonprofit beneficiary by helping spread the word about their mission.

The \$400 Co-Host Donation

Co-hosting is both a leadership role and a charitable contribution. Each co-host makes a \$400 donation to co-host an event, which covers a portion of the happy hour food, drink tickets, and prizes. This donation reflects the spirit of the evening: community members with the means and the platform to give back, doing so visibly and generously.

How Hope & Light Collective Promotes Co-Hosts

- Featured on Hope & Light Collective's social media in the lead-up to the event, introducing co-hosts to our community and audience.
- Recognized on the digital screens throughout the venue during the event itself.

- Featured on the physical Bingo board used throughout the night, giving co-hosts visibility to every guest in the room.
- Positioned as a visible community leader and connector, both during the event and in Hope & Light Collective's ongoing storytelling.

Interested in co-hosting a future Charity Bingo Night? We'd love to hear from you.
